

RESIDENTIAL

ENGINEERING IS EVERYTHING

Art Mihalcheon, our founder of Steel-Craft Door Products Ltd. was a true visionary. He designed all of his own tooling to ensure that every Steel-Craft Door was made with unparalleled components and superior materials. Today, with our valued employees, patented technology and our state-of-the-art manufacturing facility, we guarantee our continued commitment to excellence and the highest quality materials. At Steel-Craft, engineering and design is everything.

100% CANADIAN MADE.

STEEL-CRAFT DOOR PRODUCTS LTD.

MADE IN CANADA FOR CANADA

Steel-Craft has been manufacturing durable garage doors since 1963, for residential, commercial and industrial applications for all of our customer needs. We remain the only door manufacturer in North America able to customize our products to fulfill all of our customer's requirements.

Constructed with 100% Canadian steel, our products are designed to withstand even the most extreme weather conditions.

OUR PARTS DO MORE THAN WORK

At Steel-Craft, we know our customers are particular and our doors should be too. Through our engineering process and distinctive designs, we ensure that every component of our doors function at the highest level of quality. Our parts do more than work, they work to the best standards of excellence throughout their use.

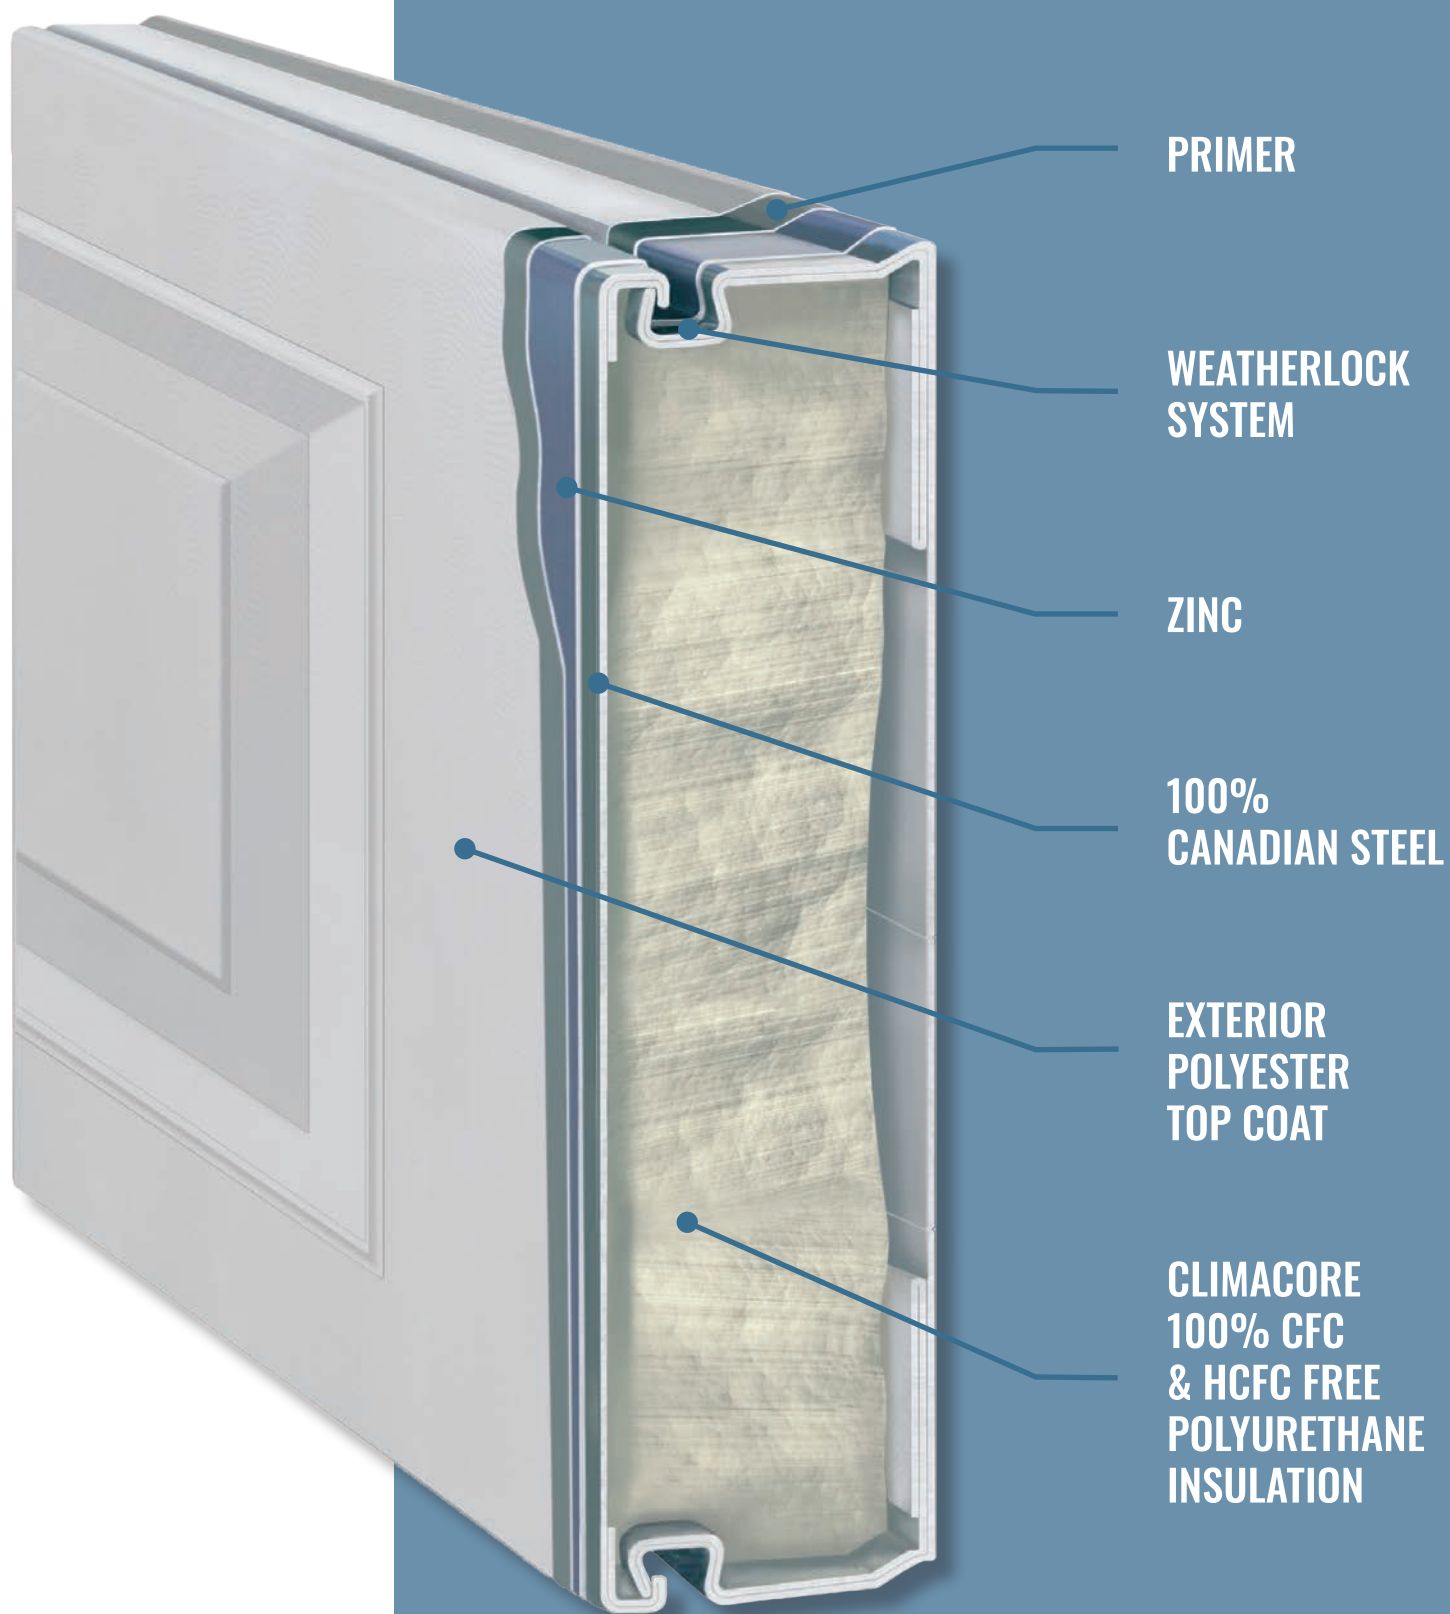

Don't just hang a door, **Install a Steel-Craft.**

ALL GARAGE DOORS ARE NOT CREATED EQUAL

Our Steel-Craft products are distinctive in appearance, more importantly they are designed and crafted to bring balance and elegance to each and every home.

DESIGNED LIKE NO OTHER

Steel-Craft doors are specially designed and crafted to handle all Canadian weather.

WEATHERLOCK SYSTEM

Our patented system overlaps the interior and exterior skins, locking out the cold, preventing interior heat loss, all the while extending the life of your door.

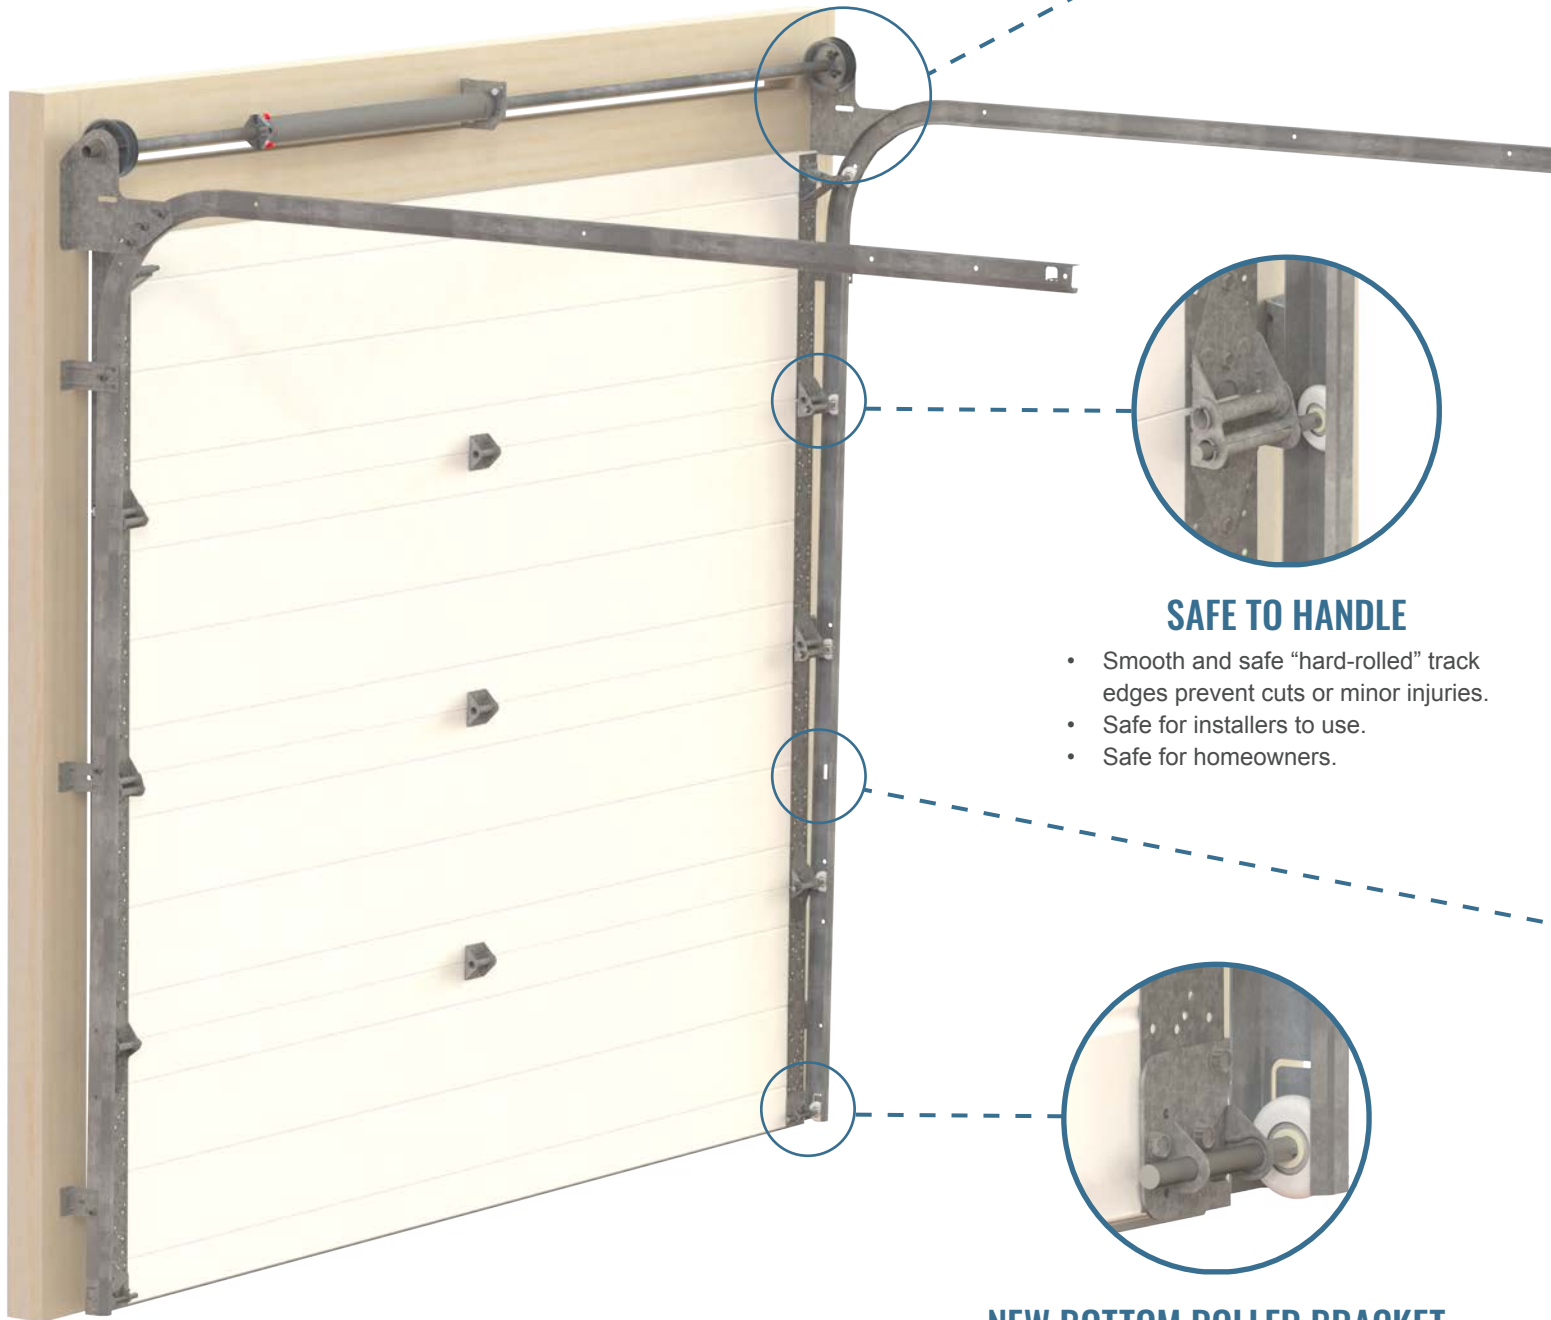

We use 100% Canadian steel of the highest quality. Completed with several layers of protective coating and the finest quality commercial grade paint.

CLIMACORE 100% CFC & HCFC FREE POLYURETHANE INSULATION

Steel-Craft's ClimaCore insulation is specially designed to achieve the highest insulation between steel skins, providing the best R-Value, strong and consistent protection from the elements.

SYMMETRICAL TRACK

Revolutionary Design. Safe, Fast and Easy to Install.

SAFE TO HANDLE

- Smooth and safe “hard-rolled” track edges prevent cuts or minor injuries.
- Safe for installers to use.
- Safe for homeowners.

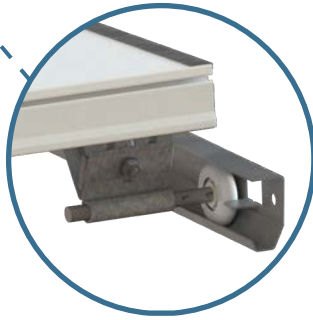

NEW BOTTOM ROLLER BRACKET

Moves the roller closer to the bottom of the door alleviating any section contact with the weatherstrip as it travels through the curve.

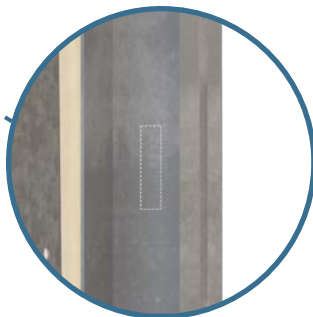

NEW FLAG BRACKET

- No assembly required making the door simpler to install.
- Incorporates both standard and low headroom.

SAFETY ROLLER "DOOR-STOP"

Simple bend out "door-step" tab that eliminates any chance of the door rolling out of the horizontal track.

"KNOCK-OUT" SIDE LOCK

Easy knockout tabs makes the addition of Side Lock for manual door operation instant.

FEATURES & BENEFITS

QUICKER AND SIMPLER INSTALLATION

- Fewer components to secure making symmetrical track faster and easier to install, up to 30 minutes.
- 16Ga track sets, consist of two pair of symmetrical 45 degree curved galvanized track interchangeable for left and right sides.
- Easy to follow step by step install instructions.

HEADROOM REQUIREMENTS

10" radius track provides greater flexibility for a variety of situations.

Standard Headroom: without operator - 10.25"
with operator - 12.25"

Low Headroom: without operator - 7"
with operator - 9"

ADDITIONAL FEATURES AND BENEFITS

- Bull-nosed track edges for safer handling and install.
- Pre-punched notches, tabs, and holes for hardware saves valuable time.
- Flag bracket requires no assembly for easy installation, and is suitable for both standard and low headroom.

EASY TO SHIP AND STORE

- Each pair of tracks are nested together and automatically banded to one another making shipping, storage and inventory extremely simple.
- All doors over 8'H x 16"W require reinforced track.

THERMO-CRAFT

The Thermo-Craft garage door series, crafted in our classic design, delivers dependable construction and excellent thermal efficiency.

ONE COLOUR OPTION

Design Trim matches the door face.

TWO COLOUR OPTION

Design Trim contrasts door face.

DESIGN OPTIONS

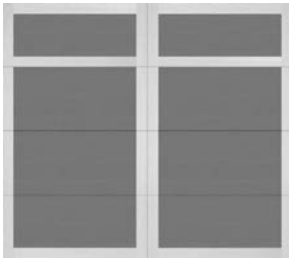

Steel-Craft has four standard Artisan designs; **Artisan Design 1 (ART1)**, **Artisan Design 2 (ART2)**, **Artisan Design 3 (ART3)**, and **Artisan Design 4 (ART4)**. Designs may vary or differ depending on the size of door. Our team will work with you to create the best design for your garage door size.

21" PANEL DESIGN

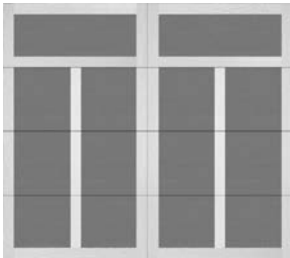

For a door height of 7', 21" panels are used, and for a 9' door, 21.6" panels are used. In both our 21" and 21.6" panels, the Design Trim is positioned at the top of the second section from the top. (see steel-craft.ca for examples)

24" PANEL DESIGN

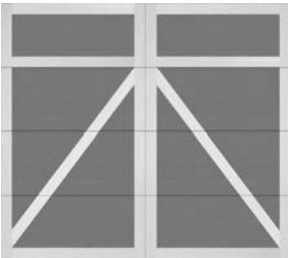

For door heights of 8' and 10', 24" panels are used. In these 24" panels, the Design Trim is positioned at the bottom of the top section.

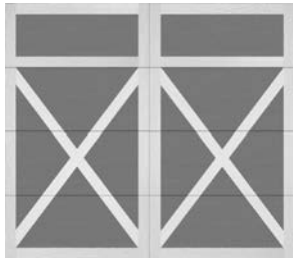

Artisan Design 1 (ART1)

Artisan Design 2 (ART2)

Artisan Design 3 (ART3)

Artisan Design 4 (ART4)

WINDOW OPTIONS

26"x 14" - only available in door widths 12' & 14'. Two 26"x14" windows will be installed on either side of the design trim.

38"x 14" - only available in door widths 8', 9' 10', 16' & 18'.

See website for more information on Artisan Design Options, Custom Paint, Windows, Muntin Bars, Snap-in Inserts and Decorative Hardware.

CUSTOM COLOUR

ABOUT STEEL-CRAFT CUSTOM COLOUR FOR INSULATED DOORS

Your insulated door may be custom painted to suit your home's exterior colour specifications. Choose your custom colour and our experienced team will paint your garage door in-house in Edmonton, AB ensuring attention to detail and a high-quality finish. Select doors such as Artisan and Vintage offers a more custom option offering a One-colour or Two-colour option. If windows are selected frames and snap-ins will be custom painted to match the doors custom colour.

ONE COLOUR OPTION: Ranch-Craft RidgeLine, Carriage-Craft, Thermo-Craft, Contemporary, Flush, Mid-Century Modern, Artisan and Vintage.

TWO COLOUR OPTION: Artisan and Vintage.

CUSTOMIZATION PROCESS

Step 1: Decide your door model and colour(s). Choose from a One-colour or Two-colour (only available in Artisan and Vintage) option.

Step 2: Your accurate information is key. We need your desired **paint brand name, manufacturer** and **paint code**. For more specific colours, bring a physical paint swatch card of your desired colour(s) to your nearest Steel-Craft dealer along with the information listed above. Please note that paint swatches and Pantone colours can change yearly, colours may appear different year to year.

Step 3: For a Two-colour option, indicate which colour will be for the Door Face and Design Trim or Emboss.

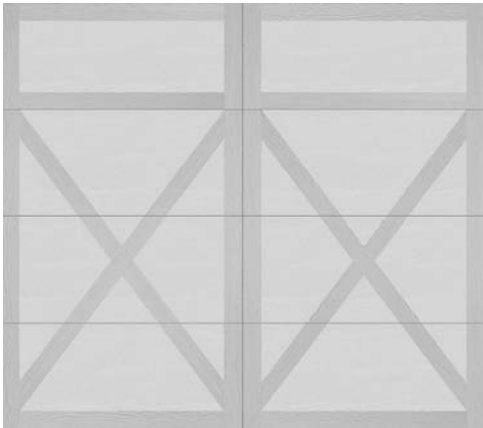

Step 4: Once our manufacturing facility in Edmonton receives your quote confirmation and colour sample information, we will match your desired colour in-house. For durability and cleaning purposes, we use a semi-gloss paint finish. We may decline matte paint requests. If we need additional information from you, our team will reach out.

For more details on custom paint options, contact Steel-Craft.

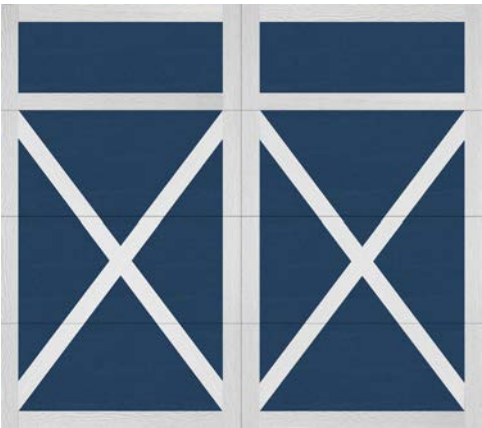

HOW TO CHOOSE THE RIGHT COLOUR FOR YOUR HOME

1. **Match Your Home's Exterior:** Select a colour that complements the exterior of your home, including siding, trim, and roofing materials.
2. **Consider the Style:** The style of your home can influence colour choices. Traditional homes may look great with classic colors, while modern homes might benefit from bolder, more unique hues.
3. **Curb Appeal:** Think about how the color will look from the street and how it will impact the overall curb appeal of your home.
4. **Climate Considerations:** In warmer climates, lighter colors may be more practical as they reflect heat, whereas darker colors can absorb heat.

THE BEST DOOR WOULD BE YOUR OWN STEEL-CRAFT DOOR.

Select your choice of garage door style, colour or finish, windows and decorative accessories by contacting one of our Steel-Craft Dealers or Distributors.

STEEL-CRAFT WARRANTY.

At Steel-Craft, we take pride in our solution-based customer service and carefully plan each component of our doors to meet your needs. Our warranty covers five years from the delivery date on door faces for materials and finishes and safeguards against potential cracking, splitting or deterioration due to rust. We offer a 10-year Pro-rated warranty on all our Steel-Craft components and hardware. Adding an aftermarket paint finish to our Steel-Craft Door Faces will void our warranty. For more information on our warranty, please visit our website.
